

FREDERIKSDAL

# FREDERIKSDAL CHERRY JUICE

## THE TASTE OF GOOD HEALTH

Frederiksdal Organic Cherry Juice has the rich and intense flavour of cherries.

The Frederiksdal cherry is rich in acid, sugar and antioxidants, lending the juice a complex and concentrated flavour.

Our juice is produced from the juice of the unique Danish Stevns cherry, exclusively from our Estate's own plantations.

The cherry juice is coldpressed contains no added sugar, no preservative and isnt from concentrate. We blend the cherries and 10% water to make a juice that is ready to enjoy - preferably cooled. The juice can be further diluted with water to taste.

Frederiksdal Organic Cherry Juice keeps for up to six weeks after opening, if kept refrigerated.

The cherry juice is available in 1 1/2 and 3 L. bag in box.

<p><b>VOLUME</b> 1 1/2 L BiB</p> 	<p><b>BOXES</b> 3 x 1 1/2 L</p> 	<p><b>PALLETS</b> 1 1/2 L BiB 8 layers 14 boxes each layer 112 boxes/336 BiB each pallet</p> 
<p><b>VOLUME</b> 3 L BiB</p> 	<p><b>BOXES</b> 4 x 3 L</p> 	<p><b>PALLETS</b> 3 L BiB 5 layers 10 boxes each layer 50 boxes/200 BiB each pallet</p> 

FREDERIKSDAL

frederiksdal.com

Frederiksdal cherry wine is world class Danish wine. The wine has received awards and excellent reviews way beyond those previously seen for a Danish wine made from unique Stevns cherry – the Nordic grape.

Frederiksdal cherry wine is produced entirely from cherries grown in Frederiksdal's own orchards.

This Danish vineyard is the first in the world to produce quality wines from cherries based on the same wine-making principles as used over the centuries where wines are stored in oak barrels. The only difference is that the old traditions have been given a fresh interpretation and new life.

Frederiksdal cherry wine offers a wider horizon and real treats for the tastebuds. That's what makes Frederiksdal cherry wine something very special!
